Flowers by Spinning WEB

Tell us your game plan for 2008. "Above all, love God, love my family and love my friends. Do excellent work for my customers and expect nothing but the best all the time." **What challenges have you overcome?** "Being in business for over 25 years, I had to come to the realization that I could only take on so many weddings per week. It was far more important to do an exceptional job all the time, than to service too many brides and do mediocre work. (Hey, but even our mediocre work is somebody's excellent work!) We now only take a few weddings per week and pride ourselves on EXCEPTIONAL work." **Tell us about your staff.** "They're all hardworking, self-motivated and honest... I so appreciate them! I am also blessed to have a large family of children and grandchildren who are always helping me at the shop. In fact, my wedding set-up crew consists of my husband Reuben, son, son-in-law, daughters and my talented floral specialist Angie." **What is a special touch your company offers to brides and grooms?** "We always create a complimentary toss bouquet and decorate the cake knife with matching florals for our brides as a special thank you gift on their wedding day." **What can brides and grooms expect from you?** "I'm a firm believer that if you love what you do, you'll never work a day in your life. I don't work because I found what I 'love' to do! I work towards excellence as God would want it, and I make sure communication lines are open so the bride's wants are clearly understood by us every step of the way."

“ I must say, the centerpieces you put together came out WAY BETTER than I imagined. They were absolutely GORGEOUS!!! Not only did my husband and I love them, but everyone that attended our wedding RAVED about how beautiful they looked! You did an AWESOME job and there isn't anything I would have changed about it. **Iris and Daniel Aguinaldo** ”
